

# HELLO AGAIN

by The Bright Wild

Hello again  
It's been a while, my friend  
Unleash you pain  
and let me drown inside your every breath

Stay  
Pilot my aircraft away  
Just another day  
Stay  
Break me apart, fade away  
And let me down inside your every breath

Hello again  
It's been a while, my friend  
Unleash you pain  
and let me drown inside your every breath

Stay  
Pilot my aircraft away  
Just another day  
Stay  
Break me apart, fade away  
And let me down inside your every breath

Hello again  
It's been a while
