

# I WAIT

Now that everyone's gone  
I find myself right back where we started  
A lonely fan rattles on  
You stare at me,  
I stare at the floor  
I wish I knew a better way  
I want this day to fade away  
Time is my only friend  
Nothing left to say

So I wait, I'll wait  
The deeper the cut  
the sweeter the bait  
The moment she starts to sway  
triggers my time-delayed fingers  
away from my piano key  
First with unease  
As I creep on a tightrope  
through slivers of hope  
her lips quiver  
She lets it be

So I wait, I'll wait  
The deeper the cut  
the sweeter the bait  
The moment she starts to sway  
triggers my time-delayed fingers  
away from my piano key  
First with unease  
As I creep on a tightrope  
through slivers of hope  
her lips quiver  
She lets it be

It doesn't matter who's right  
It doesn't matter who's wrong  
It only matters how deep  
It only matters how long
